## Smart Speaker „Sirium1400ABT"

INNER GREATNESS COUNTS

The Hama 'SIRIUM1400ABT' tower speaker will fit in any room thanks to its compact dimensions. Despite its size, the smart speaker delivers excellent sound quality. Precise trebles, lively mids, forceful bass. The small speaker offers breathtaking sound for its size. It doesn't matter whether you are listening to music, news or podcasts. The smart speaker from Hama always offers boundless listening pleasure. The sound system from Hama can also be expanded as desired. If you would like to create a complete sound network from one speaker, you can very easily add further speakers at any time. Together they ensure multi-room music enjoyment; in other words, you can enjoy your music whichever room you are in. With the addition of the Hama smart soundbar, the home cinema system can also be expanded this way. Thanks to integrated Bluetooth® technology, you can also play your favourite music wirelessly through the speaker. Furthermore, the high-quality materials ensure a captivating appearance that is every bit as good as the sound experience. The special feature of the SIRIUM1400ABT: Besides delivering captivating sound, it also comes with Amazon Alexa.

Spotify Connect – unlimited musical enjoyment
With Spotify Connect you can enjoy music wherever you like. Smartphone, PC and in future also directly via your smart speaker – when changing the player music starts exactly at the place where you stopped it before. Millions of songs and always the most current hit lists at the touch of a button – this is Spotify Connect!

Amazon Alexa voice control on board
The Hama 'SIRIUM1400ABT' soundbar connects to the cloud-based Alexa Voice Service to play back music, set alarms and timers, make calls, call up the weather, the calendar, the traffic situation and sports results, manage the shopping list, or to just ask questions or control compatible smart home devices. Simply ask for a song, artist or genre from Amazon Music, Spotify, TuneIn and other services. Furthermore, audio books, radio stations, the news and much more can be played. Make calls and send messages to others who have a device with Amazon Alexa. Or quickly connect to other Alexa-enabled devices in your home using just your voice.
Multiroom – listen to your music anywhere in your home
You want to enjoy your favourite music in the bathroom although the soundbar is in the living room? Multiroom allows you to distribute your music to any compatible speaker in every room of your house even if only one device has the corresponding source.
Large rooms can also be filled with superior sound by simply positioning several devices that play back your favourite music without audible temporal offset!

Bluetooth streaming – music transmission from a smartphone or tablet PC
There is a super wide choice but there is nothing like your own music. Thanks to Bluetooth you can stream your favourite songs quickly and easily from your smartphone, tablet, notebook or PC to the soundbar. Simply pair the soundbar and your device and enjoy your favourite music!
