- Up to 99.9% plaque removal<sup>\*\*\*</sup>
- Clinically proven as effective as floss for gum health<sup>\*\*</sup>
- Helps prevent cavities between teeth

### Superior technology

- Air and micro-droplet technology
- High performance nozzle
- Triple burst customizable settings

# Highlights

## Improves gingival health

The i InterCare brush head features extra-long, densely packed, high-quality bristles to target deep interdental plaque. It is clinically proven to reduce gingival bleeding and inflammation in just two weeks.

## BrushSync technology

A microchip-enabled technology that detects and synchronizes the smart brush head with the smart handle. The smart handle and smart brush head pair is a powerful combination that enables Smart replacement reminders.

## Smart replacement reminders

All brush heads wear out over time. But we've got that covered too: our smart brush-recognition technology tracks how long patients have been using their brush head for, and how hard they've been brushing. When it's time to replace it, a light on the handle lets

them know. That way, they can be sure that their brush head is consistently doing a stellar job.

## Too much pressure?

Patients may not notice if they are brushing too hard, but their toothbrush will. If patients start taking it out on their gums, the toothbrush will make a pulsing sound as a reminder to ease off on the pressure.

## Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

## Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.\*\*\*

## Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

## Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.\*\* Helps improve gum health in as little as two weeks.

## Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between your teeth.

# Specifications

## Modes

**Clean:** For exceptional everyday clean  
**2 intensities:** Low, High

## Items included

**Handle:** 1 ProtectiveClean  
**Brush heads:** 1 i InterCare standard, 1 W2c Optimal White compact
