

# **SAFETY DATA SHEET**

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier	
Trade name or designation of the mixture	B3P23Series
Registration number	N/A
Synonyms	None.
Issue date	08-Jun-2013
Version number	01
1.2. Relevant identified uses of	f the substance or mixture and uses advised against
Identified uses	Inkjet printing
Uses advised against	None known.
Company identification	Hewlett-Packard, Ltd. Cain Road, Amen Corner Bracknell, Berkshire, RG12 1HN Telephone 1 344 36-0000
	Hewlett-Packard health effects line (Toll-free within the US) 1-800-457-4209 (Direct) 1-503-494-7199 HP Customer Care Line (Toll-free within the US) 1-800-474-6836 (Direct) 1-208-323-2551 Email: hpcustomer.inquiries@hp.com Poison Information Center 0207771 5307

# SECTION 2: Hazards identification

## 2.1. Classification of the substance or mixture

#### Classification according to Directive 67/548/EEC or 1999/45/EC as amended

Emergency overview	Contact with skin and eyes may result in irritation.
Hazard summary	
Physical hazards	Not classified for physical hazards.
Health hazards	Not classified as a health hazard.
Environmental hazards	Not classified for hazards to the environment.
Specific hazards	Not available.
Main symptoms	Not available.
2.2. Label elements	
Label according to Directive 67	7/548/EEC or 1999/45/EC as amended
Contains:	1-(2-hydroxyethyl)-2-pyrrolidone, 2-pyrrolidone, Aliphatic diol, Azonaphthalenesulfonate salt $#1$ , Substituted napthalenesulfonate salt $#9$ , Water
R-phrase(s)	Not available.
S-phrase(s)	Not available.
Authorization number	Not available.
Supplemental label information	Not applicable.
2.3. Other hazards	This black ink is not classified according to EU Directive 1999/45/EC. Potential routes of overexposure to this product are skin and eye contact Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific formulation

## SECTION 3: Composition/information on ingredients

## 3.2. Mixtures

## **General information**

**Chemical name**

CTION 4: First aid me	asures	5			
eral information	N	lot available.			
Description of first aid	measu	ures			
Inhalation	R	emove to fresh air.	If symptoms persist	t, get medical attention.	
Skin contact		Vash affected areas ttention.	thoroughly with mil	ld soap and water. If irri	tation persists get medical
Eye contact					warm water (low pressure) for a sts get medical attention.
Ingestion	If	f ingestion of a large	e amount does occu	ır, seek medical attentior	٦.
Most important ptoms and effects, bot te and delayed		lot available.			
Indication of any nediate medical attenti special treatment ded		lot available.			
CTION 5: Firefighting	measu	ures			
eral fire hazards		lot available.			

**General fire hazards** 

5.1. Extinguishing media	
Suitable extinguishing	CO2, water, dry chemical, or foam
media	
Unsuitable extinguishing media	None known.
5.2. Special hazards arising	Not available.
from the substance or mixture	
5.3. Advice for firefighters	
Special protective	Not available.
equipment for firefighters	
Special fire fighting	Not available.
procedures	
SECTION 6: Accidental relea	se measures
6.1. Personal precautions, prot	ective equipment and emergency procedures
For non-emergency personnel	Wear appropriate personal protective equipment.
For emergency	Not available.
responders 6.2. Environmental	De not let product opter draine. De not fluck inte surface water of optimiser outer
precautions	Do not let product enter drains. Do not flush into surface water or sanitary sewer system.
6.3. Methods and material for containment and cleaning up	Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps.
6.4. Reference to other	Not available.
sections	
SECTION 7: Handling and st	orage
7.1. Precautions for safe	Avoid contact with skin, eyes and clothing.
handling	
7.2. Conditions for safe	Keep out of the reach of children. Keep away from excessive heat or cold.
storage, including any incompatibilities	
storage, including any incompatibilities 7.3. Specific end use(s)	Not available.
incompatibilities 7.3. Specific end use(s)	Not available.
incompatibilities	Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro	Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro 8.1. Control parameters	Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro 8.1. Control parameters Occupational exposure limits	Not available. Dis/personal protection No exposure limits noted for ingredient(s).
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level	Not available. Dis/personal protection No exposure limits noted for ingredient(s). No biological exposure limits noted for the ingredient(s).
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures	Not available. DIS/personal protection No exposure limits noted for ingredient(s). No biological exposure limits noted for the ingredient(s). Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure contro 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect	Not available. DIS/personal protection No exposure limits noted for ingredient(s). No biological exposure limits noted for the ingredient(s). Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs)	Not available.         Dls/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls	Not available.         Dis/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls	Not available.         ols/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure	Not available.         Dis/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information	Not available.         ols/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection	Not available.         Dis/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection Skin protection	Not available.         Dls/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection Skin protection - Hand protection	Not available.         Dis/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.         Not available.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection Skin protection - Hand protection - Other	Not available.         bls/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.         Not available.         Not available.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection Skin protection - Hand protection - Other Respiratory protection	Not available.         bls/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.         Not available.         Not available.
incompatibilities 7.3. Specific end use(s) SECTION 8: Exposure control 8.1. Control parameters Occupational exposure limits Biological limit values Recommended monitoring procedures Derived no-effect level (DNEL) Predicted no effect concentrations (PNECs) 8.2. Exposure controls Appropriate engineering controls Individual protection measure General information Eye/face protection Skin protection - Hand protection - Other	Not available.         bls/personal protection         No exposure limits noted for ingredient(s).         No biological exposure limits noted for the ingredient(s).         Not available.         Not available.         Not available.         Use in a well ventilated area.         s, such as personal protective equipment         Use personal protective equipment to minimize exposure to skin and eye.         Not available.         Not available.         Not available.

## SECTION 9: Physical and chemical properties

# 9.1. Information on basic physical and chemical properties

Appearance	
Physical state	Not available.
Form	Not available.
Color	Black.
Odor	Not available.
Odor threshold	Not available.
рН	7.5 - 8.5
Melting point/freezing point	Not available.
Initial boiling point and boiling range	Not determined
Flash point	Not applicable.
Evaporation rate	Not determined
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or e	xplosive limits
Flammability limit - lower (%)	Not determined
Flammability limit - upper (%)	Not available.
Vapor pressure	Not determined
Relative density	Not available.
Solubility(ies)	Soluble in water
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not determined
Decomposition temperature	Not available.
Viscosity	Not applicable.
Explosive properties	Not available.
Oxidizing properties	Not determined
9.2. Other information	
VOC (Weight %)	< 243 g/L
SECTION 10: Stability and re	eactivity
10.1. Reactivity	Not available.
10.2. Chemical stability	Stable under recommended storage conditions.
10.3. Possibility of hazardous reactions	Will not occur.

reactions10.4. Conditions to avoidNot available.10.5. Incompatible materialsIncompatible with strong bases and oxidizing agents.10.6. Hazardous<br/>decomposition productsUpon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon<br/>dioxide and/or low molecular weight hydrocarbons.

SECTION 11: Toxicological information

General information	Not available.	
Information on likely routes of exposure		
Ingestion	Not available.	
Inhalation	Not available.	
Skin contact	Not available.	
Eye contact	Not available.	
Symptoms	Not available.	
11.1 Information on toxico	logical offects	

**11.1.** Information on toxicological effects

Components	Species	Test Results
2-pyrrolidone (CAS 616-45-5)

### 13.1. Waste treatment methods

Residual waste	Not available.
Contaminated packaging Not available.	
EU waste code	Not available.
Disposal methods/information	Do not allow this material to drain into sewers/water supplies. Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.
	HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle.

## SECTION 14: Transport information

## ADR

Not regulated as dangerous goods.

#### RID

Not regulated as dangerous goods.

#### ADN

Not regulated as dangerous goods.

#### IATA

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

## SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### **EU** regulations

	5
	Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I Not listed.
	Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex II Not listed.
	Regulation (EC) No. 850/2004 On persistent organic pollutants, Annex I as amended
	Not listed.
	Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 1 as amended
	Not listed.
	Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 2 as amended
