 **SENNHEISER**
The Pursuit of Perfect Sound

The science behind the performance.

Sennheiser's new SPORT headsets are the perfect fusion of sound, performance and ergonomic design for people with a passion for sport. The four models in the new SPORT line have been created based on specially commissioned university studies to research the impact and challenges of extreme movement on sound, comfort and fit. Utilising high tech materials carefully selected to maintain comfort, water resistance, durability and hygiene, the SPORT headsets deliver excellent energizing sound with significantly reduced structure borne noise. All models include an integrated smartphone remote and microphone that allows for the easy control of volume, tracks and calls when exercising; letting you focus on achieving your personal best performance each and every time.
