- Drip stop for clean kitchen worktop

### Fresh juice at your convenience

- XXL feeding tube (80 mm)
- Powerful 1200-W motor
- Closer to silent

# PHILIPS

# Highlights

## FiberBoost technology

FiberBoost technology enables you to choose the texture of juice you prefer, selecting with the switch of a button, from a refreshing clear juice to a more creamy juice with up to 50% more fibre. The unique combination of smartly controlled constant speeds and the unique sieve design allows you to have more or less fibre in your juice, so that everyone can enjoy their favourite.

## Easy-to-clean sieve

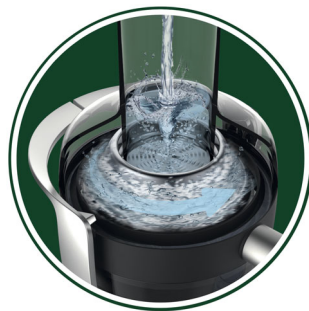

Thanks to the polished sieve it is very easy to clean away leftovers with a kitchen sponge.

## Closer to silent

The new motor has lower noise and vibration levels, which make the overall juicing experience closer to silent.

## Pre-clean

Philips' unique pre-clean function allows you to quickly rinse clean your juicer between different juices or after juicing. By pouring water into the pusher, you can create a water fountain, rinsing away unwanted leftovers.

## Pulp in one place

The round shape, without nooks and crannies, means that leftovers are collected in the pulp container.

## Drip stop

The integrated drip stop allows you to stop between juicing sessions, keeping your worktop spotless. Activate the drip stop by simply turning the spout.

## XXL feeding tube

Save time and start juicing faster. You no longer need to cut up most fruit and vegetables to fit this juice machine. Just pop it all into the 80 mm XXL feeding tube, and enjoy a boost of nutrition every day.

## Powerful 1200-W motor

Juice the toughest fruits and vegetables effortlessly with the strong 1200-W motor.

# Specifications

## Accessories

- Included: Jug, Recipe booklet

## Country of origin

- Made in: China

## General specifications

- Number of speed settings: 2
- Product features: Dishwasher safe, Integrated cord storage, Non-slip feet, QuickClean

## Service

- 2-year worldwide guarantee

## Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

## Technical specifications

- Capacity jar: 1 l

- Capacity pulp container: 2.1 l
- Cord length: 1 m
- Power: 1200 W
- Voltage: 220-240 V

## Weight and dimensions

- Dimensions of packaging (L x W x H): 550 x 320 x 330 mm
- Dimensions of product (LxWxH): 296 x 250 x 432 mm
- Feeding tube diameter: 80 mm
- Weight incl. packaging: 4.7 kg

## Design

- Colour: Metallic

## Finishing

- Material jug: SAN
- Material of main body: Metal

Issue date 2016-12-30

Version: 1.5.1
