Fully charged

Enjoy gaming on your PS4 without having to worry about whether your controllers are fully charged. With the GXT 235 Charging Dock, you are ensured of full batteries by charging 2 controllers at the same time.

Charging Dock

The GXT 235 Charging Dock works as a space-saving solution. In this way, your controllers never lie around unnecessarily on your table. Its stylish and slim design makes it the perfect companion for your PS4.

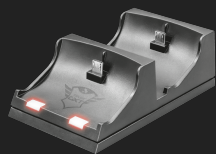

Follow the lights

Connect the dock to the USB port of your console and the built-in LED indicator gives you the green light when your controllers are charged. The red light indicates the controllers are still charging. Just follow the lights!
