Made for gamers

The GXT 161 Disan Wireless Gaming Mouse with built-in rechargeable battery and RGB lighting gives you the freedom to roam the battlefields of your favourite games without limits. Customize this mouse to your liking and game for hours without bothering with cables!

High-precision gaming

With the Disan Wireless Gaming Mouse, you enter your in-game battles with a high-precision optical sensor. Choosing from five different DPI levels (500/1000/1500/2000/3000), this sensor will boost your gaming style. And apart from gaming at an elevated level, you can use the mouse for all tasks before you.

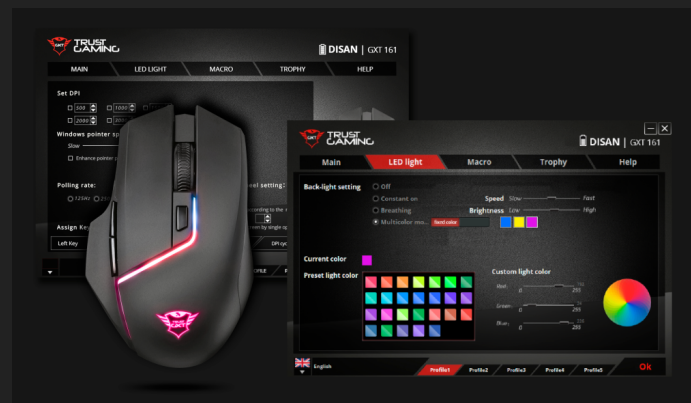

Free your gaming skills

You are free to game within a wireless range of 8 meters without bothering with cables. The built-in rechargeable battery allows you to use the mouse for up to 30 hours. Is your mouse's energy running low? You don't have to pause your game and wait until your mouse is recharged; the design of this mouse makes sure you can charge this mouse while playing. Perfect for when you're on your way to that winning streak!

Show your style

You can accommodate the Disan to suit your gaming style. With the advanced software, you create your perfect gaming mouse from within by programming your preferred click combinations. And, make this mouse as unique as your gaming style by customizing the RGB lighting. You will be recognized anywhere!
