What's in the box

- Gaming mouse
- USB micro receiver
- 1x AA battery
- User guide
- Gaming sticker

System requirements

- Windows 10, 8, or 7
- USB port

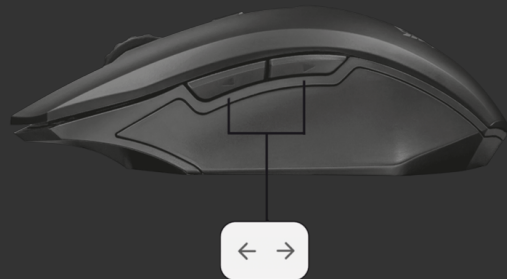

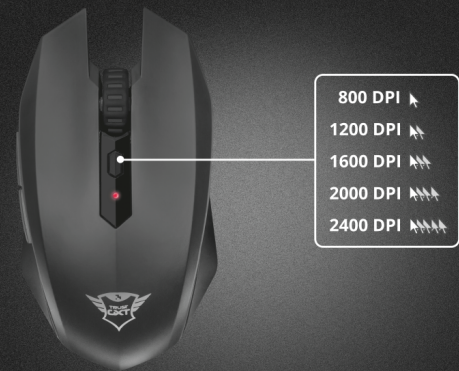

GXT 115 Macci Wireless Gaming Mouse

With the GXT 115 Macci Wireless Gaming Mouse, you can enjoy the reliability and accuracy of a corded mouse and the freedom and comfort of a wireless gaming mouse. From sniping down your opponent to commanding a whole army, with the GXT 115 you'll have victory in the palm of your hands.

Precision is key

With the 5-level adjustable DPI optical sensor, the Macci is designed for gamers on their way to becoming the next eSports champion. With the DPI button, you can switch between 800, 1200, 1600, 2000 and 2400 DPI. The fast response time and military precision will make the difference between losing and winning.

Plug, play, win

The Macci features 6 responsive buttons, including 2 thumb buttons to easily go forward and backwards. With its ambidextrous form factor, the Macci is designed to fit naturally into any hand. No software is required to set-up the buttons. Simply take the mouse out of its box and you can use it directly for your gaming activities.

Always time to play

With a wireless connection of 10 meters, the Macci has enough range for any gaming set-up. Simply put the wireless receiver in your PC or laptop and you can keep on building your in-game skills for hours. Finished playing? Store the receiver in the mouse itself or leave it in your PC or laptop. The mouse goes into sleep mode when not in use for 8 minutes to save on battery.

GENERAL
