ROTATABLE  
ARMRESTS

CLASS 4  
GAS LIFT

90° ADJUSTABLE  
BACKREST

TILTING  
SEAT

STRONG AND  
ROBUST

### Optimal comfort improves your game

The Resto gaming chair comes with two removable and adjustable cushions to provide optimal comfort, allowing you to keep on top of your game for hours. The lumbar pillow provides your back with support and extra relief. The neck cushion features as a headrest and releases tension.

### Adjustable to your desires

The gaming chair is fitted with a class 4 gas lift, the part that allows you to adjust the seat's height from 47 to 54.5 cm. This premium gas lift is durable, reliable and supports up to 150 kg of weight. The back rest is adjustable over 90 degrees, meaning you could even put the back rest flat for a quick rest after a sweeping victory! To top it off, the seat can be tilted for even more comfort. Simply tilt the seat forward to reduce pressure on your legs, or tilt it backwards to properly align your spine to prevent back problems. Needless to say, the armrests' height is adjustable as well.

### Perfect fit for every gamer

The armrests' height is adjustable as well and may even help you avoid neck pain. Besides that, you're able to lay down your arm exactly how you wish and improve your grip when you are controlling your mouse and keyboard.

### Tiltable seat with locking possibilities

Simply tilt the seat forward to reduce pressure on your legs, or tilt it backwards to properly align your spine to prevent back problems.
