

#24059

Rechargeable Wireless Ultra-Thin Mouse

Rechargeable wireless mouse with minimalistic, rounded shape and silent buttons

Key features

- Ultra-thin design; only 27mm in height so it easily fits your bag
- The silent buttons reduce annoying key-click sounds by 90%
- Environmentally friendly due to the rechargeable battery
- Connect it either via Bluetooth or the included, easily storable USB micro-receiver
- For right- and left-handed use thanks to the symmetrical ambidextrous design
- Adjust the speed with the DPI button (800, 1200, 1600 DPI)

What's in the box

- Mouse with built-in rechargeable battery
- USB micro-receiver
- Charging cable
- User guide

System requirements

- Windows 10, 8 or 7
- macOS 10.15 (Catalina) or higher
- Chrome OS
- USB port

Minimalistic Design, Maximum Features

The Trust Puck is designed to be your go-to solution, for your on-the-go challenges. This ultra-thin, wireless mouse is small enough to take with you, while still being comfortable enough to use. It's packed full of convenient features, like dual wireless connectivity, silent buttons and a rechargeable battery. And it works for both left- and right-handed users, too!

Smooth Edges

Thanks to its minimalistic design, the Puck really stands out. With a height of only 27mm, you'll easily carry this mouse in your bag. The rounded shape and smooth edges make the Puck a pleasure to use, while the ambidextrous design ensures both left- and right-handed users will enjoy this ultra-thin mouse.

Choose Your Connection

The wireless Puck gives you two different connection options. First, there's the included USB micro receiver that allows you to connect the Puck wirelessly to any PC or laptop. When you're done, store the receiver in the Puck itself, so you'll always know where it is. Or just connect it via Bluetooth to a laptop or your iPad (iOS 13.4 or higher).

Soft Click

When working hard, you don't want to disturb your colleagues. That's why the Trust Puck is equipped with silent buttons that reduce any annoying click sounds by 90%, compared to other mice. And speaking of buttons, the integrated DPI switch lets you easily switch between different speeds. Together with the convenient scroll wheel, you'll have everything to get the job done.

Rechargeable

Because of the rechargeable battery, you'll never have to buy disposable batteries again. When the mouse is running out of power, simply connect it with the included USB-C cable and your good to go. It saves both money and the environment.

Minimalistic Design, Maximum Features

The Trust Puck is designed to be your go-to solution, for your on-the-go challenges. This ultra-thin, wireless mouse is small enough to take with you, while still being comfortable enough to use. It's packed full of convenient features, like dual wireless connectivity, silent buttons and a rechargeable battery. And it works for both left- and right-handed users, too!
