Minimalistic Design, Maximum Features

The Trust Puck is designed to be your go-to solution, for your on-the-go challenges. This ultra-thin, wireless mouse is small enough to take with you, while still being comfortable enough to use. It's packed full of convenient features, like dual wireless connectivity, silent buttons and a rechargeable battery. And it works for both left- and right-handed users, too!

Smooth Edges

Thanks to its minimalistic design, the Puck really stands out. With a height of only 27mm, you'll easily carry this mouse in your bag. The rounded shape and smooth edges make the Puck a pleasure to use, while the ambidextrous design ensures both left- and right-handed users will enjoy this ultra-thin mouse.
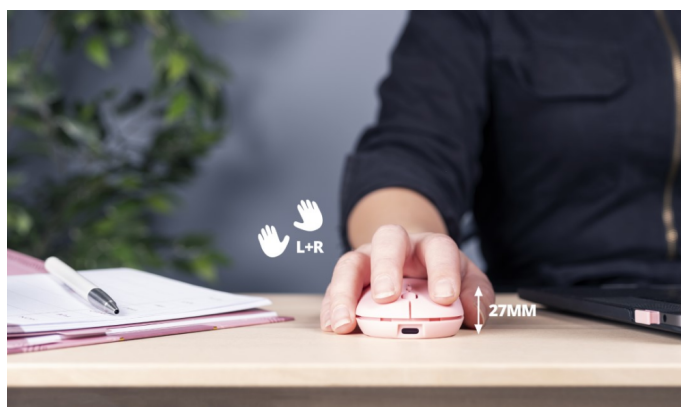

Choose Your Connection

The wireless Puck gives you two different connection options. First, there's the included USB micro receiver that allows you to connect the Puck wirelessly to any PC or laptop. When your done, store the receiver in the Puck itself, so you'll always know where it is. Or just connect it via Bluetooth to a laptop or your iPad (iOS 13.4 or higher).

Soft Click

When working hard, you don't want to disturb your colleagues. That's why the Trust Puck is equipped with silent buttons that reduces any annoying click sounds by 90%, compared to other mice. And speaking of buttons, the integrated DPI switch lets you easily switch between different speeds. Together with the convenient scroll wheel, you'll have everything to get the job done.

Rechargeable

Because of the rechargeable battery, you'll never have to buy disposable batteries again. When the mouse is running out of power, simply connect it with the included USB-C cable and your good to go. It saves both money and the environment.
