SkinGlide Rings

GentlePrecision Blades

BeardAdapt Sensor

Personal Shave Plan

S7970/26

Close shave, even on sensitive skin

Our No.1 for sensitive skin

The Philips Shaver Series 7000 is crafted for a close sensitive shave. Enhanced with personal guidance - co-developed with dermatologists - it helps men with the specific skin issues they face. Because every skin is different.

Designed for skin comfort

- SkinGlide Rings with microspheres for a smoother glide
- Multi-direction flex heads follow curves with least pressure
- Aquatec gives you a comfortable dry or refreshing wet shave

Close and smooth

- GentlePrecision Blades cut close even on sensitive skin

Personalized

- Personal Shave Plan tackles your specific skin issues
- BeardAdapt Sensor for an efficient shave even in dense areas
- Sensitive Shave Settings customized to your skin

Convenient

- SmartClick precision trimmer for mustache and sideburns
- SmartClean keeps your shaver like new
- 50 minutes of cordless shaving when fully charged
- 1-hour charging time

Highlights

SkinGlide Rings

Experience the smooth glide of Philips advanced microsphere technology. Inspired by gliding principles in aerodynamics, the shaver rings are coated with thousands of tiny, glass-like spheres for maximum skin comfort.

GentlePrecision Blades

Get a close shave even on sensitive skin with hardened high-precision blades. The blade edges are engineered to cut hair precisely, minimizing tugging, pulling or repetitive passes, even on a 3-day stubble.

BeardAdapt Sensor

Shave off even dense beard areas efficiently. The shaver senses your beard density and automatically adjusts the power as needed.

Personal Shave Plan

Get adaptive advice to tackle your specific skin issues, whether redness, razor burn or in-grown hairs. The plan is co-developed with dermatologists and gives advice on your shaving routine and technique via the connected GroomTribe app. Shave-by-shave, the app tracks your progress and adjusts the advice for the best skin results.

Multi-Direction ContourDetect

Gently follow the contours of your face and neck with shaver heads that flex easily along every curve. Less pressure is needed to shave closely, so the stress on your skin is minimized.

Sensitive Shave Settings

Shave with the recommended speed setting customized to your skin, or choose your own via the connected GroomTribe app. Options include normal, sensitive and extra sensitive.

Aquatec Wet & Dry

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

SmartClick Precision Trimmer

Finish your look with the click-on precision trimmer. It's ideal for maintaining your mustache and trimming your sideburns.

SmartClean

Keep your shaver like new with the dedicated cleaning station. It cleans, lubricates and charges your shaver, at the touch of a button.

Specifications
