Highlights

Unique Skin Protector

The unique skin protector guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5mm without directly exposing your skin to blades.

Bi-directional trimmer

Uniquely designed to trim hair both backwards and forwards, this trimmer makes it possible to catch and cut hairs even when they grow in different directions.

Trimming comb

Just click on the bi-directional comb and trim your hair in any direction you like, to a consistent length of 3mm.

100% waterproof

Provides a comfortable and close trim in or out of the shower. The Philips Bodygroom is 100% waterproof, so you can simply rinse it clean when you're done.

Shower cord

Hang the Philips Bodygroom where it's most convenient for you. Easily accessible and always ready to go.

AA battery power

Cordless use thanks to AA battery power - the Philips Bodygroom is ready to use whenever, wherever. For optimal performance with up to two months use, use high quality Philips Alkaline AA batteries. Battery performance and run-time may differ depending on hair type and frequency of use.

Long-lasting sharpness

The blades are designed to last, time after time and don't need replacement on a regular basis.

Built to last

All of our products are built to last and come with a 2-year worldwide guarantee.
