# Highlights

## 2400 W to heat up quickly

Delivers a fast warm-up in 30 seconds for a quick start.

## XL water filling hole

An extra-large opening for filling the water tank makes quick work of refills and emptying.

## Ceramic soleplate

Our durable ceramic soleplate glides well on any ironable garment. It's non-stick, scratch resistant and simple to keep clean.

## Steam boost up to 180 g

Penetrates deeper into fabrics to easily remove stubborn creases.

## Triple precision tip

The tip is precise in 3 ways. It has a pointed tip, button groove and sleek nose design. Our triple precision tip helps you handle even the hardest-to-iron spots, like buttons and pleats.

## Drip-stop system

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

## Up to 40 g/min of steam

Strong and consistent steam output to remove creases faster.

## Automatic shut-off

The iron shuts itself off if you leave it standing still. On its heel rest, it will automatically switch off in 8 minutes. Lying flat, it shuts down after 30 motionless seconds.

## 300 ml water tank

Fewer refills are required thanks to a large 300 ml water tank. So you can iron more clothes in one go.
