Selection guide

Choose the right HP device for your business

HP printers, MFPs and all-in-ones

Table of contents

HP printers, MFPs and all-in-ones are easy to use and deliver crisp, brilliant prints. Choose from a broad portfolio of stylish, innovative products that help simplify the way work gets done. Get a great value with proven HP quality and reliability.

The best choice in business printing

HP offers a wide variety of devices to meet all types of business needs, whether you're telecommuting from your home office, managing a busy branch office, or running a large enterprise department. Rely on cost-effective, dependable devices from the brand you trust.

Ease of use. HP devices just work, with intuitive user interfaces and sleek, simple designs that fit right into your office environment. Installation is quick, with no product assembly required.

Stunning print quality at blazing fast speeds. Consistent, excellent output will make your business shine. HP LaserJets deliver crisp, clean text and print-shop quality colour. HP OfficeJets and PageWide devices produce professional colour documents that resist fading, water, and highlighter smears[1]—for a low cost per page.

HP JetIntelligence
More. Pages, Performance, and Protection.

Select new HP LaserJet devices come with Original HP Toner cartridges with JetIntelligence. Print more professional-quality pages than ever before,[2] count on peak printing performance every time, and get protection against counterfeits with innovative anti-fraud technology.

Great value. HP devices are solidly built and reliable for the long haul, with competitive purchase prices and low operation costs. Some devices offer high-capacity cartridges for even more affordable printing.

Simple HP JetAdvantage Mobile Print Solutions.[3] Many HP devices are Mopria certified for easy printing from your smartphone, tablet, or laptop without a special app or software.[4] Some products come with award-winning peer-to-peer Wi-Fi Direct® printing and touch-to-print (NFC) technology.[5] You can add these capabilities to many existing devices with mobile printing accessories.

Best-in-class security.[6] HP Pro and Enterprise devices offer a variety of embedded security features and optional solutions to protect hardware and safeguard data. Defend your network with self-healing technologies that guard against complex security threats. Apply efficient, fleet-wide security policies to protect all your HP print devices with optional HP JetAdvantage Security Manager.[7]

Innovative HP JetAdvantage Workflow Solutions. Capture, store, access, and deliver the content you need—all while helping to reduce costs. The robust image preview feature and Quick Sets on HP Enterprise MFPs save time. Zoom in and inspect scanned jobs and add, delete, reorder, or rotate pages, right at the device. At the touch of a button, launch complicated workflows to a variety of destinations.

Versatile HP JetAdvantage Management Solutions. Many HP Pro products and all Enterprise products are supported by HP Web Jetadmin (WJA).[8] Improve fleet uptime by centrally monitoring and controlling devices—and assess and optimise usage with a variety of reporting tools. For simple one-to-one device management, use the HP Embedded Web Server (EWS). The HP Universal Print Driver (UPD) makes it easy to connect and print.[9]

Features to help reduce environmental impact. Many HP devices are Blue Angel and ENERGY STAR® certified and include energy-saving features such as Instant-on Technology and Auto-On/Auto-Off Technology.[10] Because HP OfficeJet and PageWide products have no fuser, they typically have low energy consumption.

Select the right device

The right imaging and printing product can save you time and help cut costs. Yet with all of the available HP devices, how do you choose? See page 4 for questions to help you select devices for small and medium office, branch office, or home office. See page 15 for questions to ask when choosing enterprise-class devices.

How to select the right device for your small office

When choosing an HP device for a small or medium office, branch office, or home office, start by answering the following questions.

USERS

1-5 users   or   3-10 users

How many users will print how many pages each month? Consider:

- The recommended number of users
- The recommended monthly page volume (RMPV)[11]
- The device's listed print speeds

TYPE OF DOCUMENTS

Mono   or   Colour

What kinds of documents do you primarily print?

- HP OfficeJet devices deliver professional everyday document quality at a low cost-per-page
- PageWide devices offer professional everyday documents at HP's lowest print operating costs,[12] along with faster print speeds[13] and lower energy consumption[14] than in-class laser printers
- HP LaserJets deliver print-shop quality output for impressive colour marketing materials
- Monochrome LaserJets offer HP's best value for black-only prints
- A4 devices support a variety of standard paper sizes; wide-format devices support documents up to A3
- HP OfficeJet Mobile printers and all-in-ones are compact and lightweight for easy printing or scanning on the go

FUNCTION

Printer   or   MFP/AiO

Do you need to scan, copy, or fax? Do you require document workflow or storage solutions?

- If you only need to print, choose an HP OfficeJet, LaserJet, or PageWide printer
- If you're looking for scanning, copying, and faxing capabilities, you need a multifunction product (MFP) or all-in-one (AiO)
- Devices with control panel business apps allow you to view and print directly from the Web
- HP OfficeJet Pro all-in-ones and LaserJet or PageWide Pro MFPs support core workflows, such as scanning to email or network folders—and some products support optional workflow solutions such as HP Quick Forms, HP Scan to Cloud, and eStorage such as Google™ Docs or Box.net

SPECIALTY DEVICES

Wide-format   or   Mobile

Do you need to share the device?

- Most HP devices offer Ethernet or wireless networking
- Support for mobile printing lets users print from their smartphone or tablet—easily print from a Mopria-certified device;[4] print on the go with HP ePrint;[15] print from an iPad, iPhone, or iPod touch with Apple AirPrint;[16] or choose Wi-Fi Direct, NFC touch-to-print, or Bluetooth® Low Energy for secure peer-to-peer wireless printing without connecting to the network[5]
- Devices with an easy-access USB offer quick printing from or scanning to a thumb drive

What kind of management and security support do you require?

- Networked devices can be individually managed via the HP Embedded Web Server (EWS)
- If you require remote management of core configuration and security options, choose a device that's supported by HP Web Jetadmin at the essential level[8]
- Increase security, cut costs, and restore control with cloud-based HP JetAdvantage Private Print[17]

Detailed benefits comparison

The tables on the next several pages provide a quick overview of the HP OfficeJet, LaserJet, and PageWide products recommended for small and medium office, branch office, or home office in your region.

Consider devices designed for 3-10 users

Many of the HP OfficeJet, PageWide, and LaserJet Pro devices listed on pages 7-8 and 11-12 are an excellent choice for small work teams or for remote branches in enterprise environments. They offer Pro level security and manageability at an affordable price.
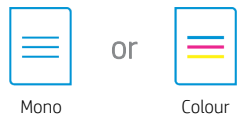

How to select the right device for your enterprise

When choosing an imaging and printing product for your company's large work team, workgroup, or department, you should consider some additional questions.
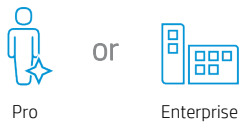

How many users will print how many pages each month? Consider:

• The recommended number of users

• The recommended monthly page volume (RMPV)[11]

What kinds of documents do you primarily print?

• HP PageWide devices offer HP's lowest print operating costs,[12] and lowest environmental impact,[14] while delivering professional everyday document quality at HP's fastest speeds[13]

• HP LaserJets deliver leading laser performance, with print-shop quality output for impressive colour marketing materials

• Monochrome LaserJets offer HP's best value for black-only prints

• A4 devices support a variety of standard paper sizes; wide-format devices support documents up to A3

• Enterprise finishing options may include mailboxes, stapling, hole-punching, or booklet-making

How sophisticated are your workflow needs?

• If you only need to print, choose an HP OfficeJet, PageWide, or LaserJet printer

• HP Pro MFPs support core workflows, such as scanning to email or network folders

• Enterprise MFPs offer more send-to destinations, Quick Sets for launching one-touch workflows, and superb image preview and enhancement on a large, colour touchscreen

• Flow MFPs have more advanced scanning, processing, and routing capabilities

What level of IT management integration do you require?

• HP Enterprise devices fit best in IT-managed environments, with advanced security controls like user authentication and PIN-enabled printing; HP OXP-enabled integration for hundreds of available partner solutions; advanced HP Web Jetadmin support for fleet management, monitoring, and reporting;[8] and upgradeable HP FutureSmart firmware[23]

• HP Pro printers or MFPs are a good fit for lightly managed environments such as branch offices, offering essential management of core features via HP WJA

• All Enterprise and some Pro devices are supported by HP Universal Print Driver[9]

Meet your team's needs with the right type of device

HP LaserJet Pro printers and MFPs—Reliable and easy to use, these laser devices deliver print-shop-quality colour documents, with LaserJet Pro MFPs offering the core workflow features many small work teams need. Some are supported by HP UPD and have essential configuration, security, and monitoring features that can be managed through HP WJA.

HP PageWide Pro printers and MFPs—These devices offer the lowest total cost of ownership or cost per colour page in their class,[12] along with essential support for HP WJA, UPD, and some solutions. PageWide Pro MFPs add core workflow features. Plus, the HP PageWide Pro series offers faster speeds[13] and lower energy consumption[14] than in-class laser printers.

HP LaserJet Enterprise printers and MFPs—These workhorse devices support all HP enterprise solutions and offer robust security options along with advanced fleet monitoring, management, and reporting. Choose a LaserJet Enterprise MFP for enhanced workflow features—including embedded scan to Microsoft® SharePoint® on the latest models.

HP PageWide Enterprise printers and MFPs—These devices deliver the lowest cost per colour page.[24] Get enterprise manageability, security, and extensibility, along with faster print speeds (General Office mode)[25] and best-in-class energy efficiency.[26] PageWide Enterprise MFPs offer enhanced workflow features.

HP LaserJet and PageWide Enterprise Flow MFPs—Streamline workflows with built-in optical character recognition (OCR), fast two-sided, single-pass scanning, HP EveryPage to avoid missed pages, a pull-out external keyboard for easy data entry, and a host of other features.

Notes

[1] Fade resistance based on paper-industry predictions for acid-free papers and Original HP inks; colourant stability data at room temperature based on similar systems tested per ISO 11798 and ISO 18909. Water resistance based on HP internal testing, using paper with the ColorLok® logo. For details, see hp.com/go/printpermanence.

[2] Based on ISO/IEC 19752 and 19798 cartridge yields for the following Original HP LaserJet Toner cartridges: 131A compared with 201X, 507A compared with 508X, 55X compared with 87X, 80X compared with 26X, 305A/X compared with 410X. For more information, see hp.com/go/learnaboutsupplies.

[3] Local printing requires mobile device and printer to be on the same network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/mobileprinting for more details.

[4] Mopria-certified HP printer and mobile device must be connected to the same wireless network or have a direct wireless connection. Performance is dependent on physical environment and distance from the wireless access point. Wireless operations are compatible with 2.4 GHz routers only.

[5] For Wi-Fi Direct® printing, mobile device needs to be connected directly to the Wi-Fi signal of a Wi-Fi Direct capable MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wi-Fi Direct is a registered trademark of Wi-Fi Alliance®. For touch-to-print, mobile device must support NFC-enabled printing. For more information, see hp.com/go/mobileprinting.

[6] HP PageWide Enterprise and LaserJet Enterprise devices with FutureSmart offer best-in-Enterprise-class combination of security features that can monitor to detect and automatically stop an attack then self-validate software integrity in a reboot. For a list of printers, visit hp.com/go/printersthatprotect. HP PageWide Pro devices with secure boot capability offer best-in-Pro-class security features. More at hp.com/go/PrinterSecurityClaims.

[7] HP JetAdvantage Security Manager must be purchased separately. To learn more, please visit hp.com/go/SecurityManager.

[8] HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja. HP Web Jetadmin offers different levels of device support: HP essential fleet management with a core set of fleet management features for distributed enterprise such as branch offices or teleworker environments, and HP advanced fleet management with a comprehensive set of enterprise configuration features and management capabilities.

[9] HP Universal Print Driver is available for download at no additional charge at hp.com/go/upd.

[10] HP Auto-On/Auto-Off Technology capabilities subject to printer and settings; may require a firmware upgrade.

[11] HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

[12] Total cost of ownership comparison based on 150,000 pages for PageWide Pro A4 and 150,000 pages for PageWide Enterprise A4; manufacturers' published specifications for page yields and energy use; manufacturers' suggested retail price for HP hardware and supplies; average street prices for competitive devices; cost per page based on ISO yield with continuous printing in default mode with highest-available-capacity cartridges; and long-life consumables. Comparisons are to Pro-class colour business A4 printers €300-€800 and MFPs €400-€1,000 and Enterprise-class colour business A4 printers €500-€1,249 and MFPs €1,000-€3,000 as of November 2015, excluding products with 1% or lower market share as reported by IDC as of Q3 2015. HP PageWide Pro 750 Printer and 772/777 MFP: Lowest cost per colour page claim applies to devices that are not sold under contract: Comparison of HP PageWide A3 devices with the majority of in-class colour ink/laser MFPs (€3,000-€7,499), and colour ink/laser single function printers (€1,500-€2,999) as of January/February 2017; market share as reported by IDC as of Q4 2016. Cost per page (CPP) reported by gap intelligence Pricing & Promotions Report January/February 2017, comparisons for devices/supplies not sold under contract are based on published specifications of the manufacturers' highest-capacity cartridges, inclusive of long life consumables, Manufacturer Recommended Street Price (MRSP), and page yield. Actual prices may vary. Average yield based on ISO/IEC 24711 and continuous printing in default mode. Actual yield varies based on content of printed pages and other factors. For more information, see hp.com/go/learnaboutsupplies and hp.com/go/PageWideClaims.

[13] Speed comparison based on manufacturers' published specifications of fastest available colour mode of all colour business A4 printers €300-€1,249 and A4 MFPs €400-€3,000 as of November 2015, and all A3 colour business printers €900-€2,300 Euros and MFPs €2,000-€4,500 Euros as of August 2016, excluding products with 1% or lower market share using market share as reported by IDC as of Q3 2015. HP PageWide speeds based on General Office mode and exclude first page. Learn more at hp.com/go/printerspeeds.

[14] Energy claim based on comparisons of TEC data reported on energystar.gov. Data normalised to determine energy efficiency of majority of Pro-class colour business A4 printers €300-€800 and MFPs €400-€1,000 as of November 2015, in-class A3 colour laser printers with published speeds of 20-80 ppm as of November 2016, and Enterprise-class colour laser A4 printers €500-€1,249 and MFPs €1,000-€3,000 as of November 2015, market share as reported by IDC as of Q3 2015. Subject to device settings. Learn more at hp.com/go/pagewideclaims.

[15] Printer requires ePrint account registration. App or software may be required. Wireless operations are compatible with 2.4 GHz operations only. Learn more at hp.com/go/mobileprinting.

[16] Supports the following devices running iOS 4.2 or later: iPad, iPad 2, iPhone (3GS or later), iPod touch (3rd generation or later). Works with HP's AirPrint-enabled printers and requires the printer be connected to the same network as your iOS device. Wireless performance is dependent on physical environment and distance from the access point.

[17] HP JetAdvantage Private Print is available at no charge and requires the printer be connected to the Internet with web services enabled. Not available in all countries. For more information and device compatibility details, see hp.com/go/jetadvantageprivateprint.

[18] Either after first page or first set of pages. For more information, see hp.com/go/printerclaims.

[19] OfficeJet ink cartridges: average based on ISO/IEC 24711 or HP testing methodology and continuous printing. PageWide cartridges: Average colour composite (C/M/Y) and black declared yields based on ISO/IEC 24711 and continuous printing. LaserJet print cartridges: declared yield value in accordance with ISO/IEC 19752. Actual yield varies considerably based on content of printed pages and other factors. For details see hp.com/go/learnaboutsupplies.

[20] The HP LaserJet Pro M104a, M104w, M402dn Russia, and the HP LaserJet Pro MFP M132a, M132nw, M132fn, M132fw, M426dw Russia, and M426fdn Russia models are only available in Russia.

[21] The HP LaserJet Ultra M106w, MFP 134 series, and MFP M230sdn are only available in Russia and Turkey.

[22] The HP LaserJet Pro MFP M435nw is only available in specific countries in MEMA (Africa, ME, TR) and CEE (RU, CIS).

[23] HP FutureSmart firmware is available on most HP Enterprise printers and MFPs. Some features enabled by future HP FutureSmart upgrades may not be available on older devices if, for example, physical product characteristics limit the functionality of the new feature.

[24] Lowest cost per colour page claim applies to devices that are not sold under contract: Comparison of HP PageWide A3 devices with the majority of in-class colour ink/laser MFPs (€2,820-€7,049), and color ink/laser single function printers (€1,410-€3,819) as of January/February 2017; market share as reported by IDC as of Q4 2016. Cost per page (CPP) reported by Gap Intelligence Pricing & Promotions Report January/February 2017, comparisons for devices/supplies not sold under contract are based on published specifications of the manufacturers' highest-capacity cartridges, inclusive of long-life consumables and page yield. Average HP yield based on ISO/IEC 24711 and continuous printing in default mode. Actual yield varies based on content of printed pages and other factors. For more information, see hp.com/go/learnaboutsupplies and hp.com/go/PageWideClaims.

[25] Comparison based on printing in Professional mode.

[26] Energy claim based on TEC data reported on energystar.gov as of March 2017. Data normalized to determine energy efficiency of in-class A3 color laser printers (€1,410-€2,819) and MFPs (€2,820-€7,049) as of February 2017, excluding other HP PageWide products. Subject to device settings. Actual results may vary.

[27] Standard and maximum input capacities may vary by model. Maximum input capacity may require purchase of optional paper tray.

[28] Some solutions require download or additional purchase. Learn more at hp.com/go/printingsolutions.

[29] Hardware Integration Pocket not available on the HP LaserJet Enterprise M607n or M608n printers or the HP Color LaserJet Enterprise M553n printer.

[30] Buyer's Lab, Inc. named as its 2018 Winter Pick the HP OfficeJet Pro 7700 Series for Outstanding Tabloid Inkjet MFP for SMBs. Buyer's Lab, Inc. named as its 2016 Winter Picks the HP LaserJet Pro MFP M426 Series for Outstanding A4 MFP for Small Workgroups; the HP Color LaserJet Pro M452 Series for Outstanding Colour Printer for Small Workgroups; the HP Color LaserJet Pro MFP M477 Series for Outstanding Colour MFP for Small Workgroups; the HP LaserJet Enterprise Flow MFP M527 Series for Outstanding A4 MFP for Large Workgroups; and the HP Color LaserJet Enterprise MFP M577 Series for Outstanding Colour MFP for Large Workgroups. Buyer's Lab, Inc. named as its 2016 Summer Picks the PageWide Pro MFP 577 Series for Outstanding Colour MFP for Small Workgroups; and the PageWide Enterprise Color MFP 586 for Outstanding Colour MFP for Small to Mid-Size Workgroups.
