#### **Designed around you**

- Always know when to replace your brush heads
- Ergonomic design makes the toothbrush easy to hold and use
- 14 day long-lasting battery life
- Use less. Reuse more

#### **Easy transition to Sonicare**

- Easy-Start to ease the transition

# Highlights

## Advanced Sonic Technology

Powerful bristle vibrations drive microbubbles deep between your teeth and along your gum line for a refreshing experience. You will get two months' worth of manual brushing in just 2 minutes.\*\* 31,000 brush strokes per minute gently clean your teeth, break up plaque and sweep it away for an exceptional daily clean.

## Removes plaque 3 x better\*

The Sonicare electric toothbrush with advanced sonic technology is clinically proven to remove plaque up to 3 x better\* than a manual toothbrush. It removes plaque from your teeth and along the gum line while protecting your gums.

## Protects your gums

Built-in pressure sensor automatically detects the pressure you apply, warns you and reduces the toothbrush vibrations automatically to help

protect your gums. The toothbrush will make a pulsing sound as a reminder to ease off the pressure. 7 out of 10 people found this feature helped them become better brushers.

## SmartTimer and QuadPacer

2 minute SmartTimer and 30 second QuadPacer guide you to brush for the recommended time in all areas of your mouth to ensure a complete clean.

## Designed around you

Slim, lightweight and ergonomic design makes the toothbrush easy to hold and use so that you get an amazing clean without any strain.

## BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync technology tracks how long you've

been using your brush head for and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep remind you when it's time to replace it.

## Easy-Start

Our Easy-Start programme gives you the option of a gradual, gentle increase in brushing power the first 14 times you use your new toothbrush.

## Long-lasting battery life

Battery life lasts up to 14 days so you can go long periods without charging.

## Goodbye adapter. Hello USB.

Power adapters may seem small, but added together, their plastic makes a huge impact on the environment. By switching to a USB charger in our Philips Sonicare 1000-4000 Series alone, we use up to 189,210 kg less plastic every year. That's powerful, right?

# Specifications

## Modes

**Clean:** For exceptional everyday cleaning

## Items included

**Handle:** 1 3100 Series

**Brush head:** 1 C1 ProResults standard

**Charger:** 1

## Design and finishing

**Colour:** White
