## 1. Product Introduction

Apacer presents new collection of Streamline USB flash drives. AH336 is one of 2017 new models of Handy Steno entry-level series. The modernistic colors with duo-craftsmanship which consists of elegant mirror finish and delicate texture brings perfect visual enjoyment to AH336 a timeless trendy style; and the compact slim size let AH336 can easily slip into the jean pockets, purses and handbags. Its plug-and-play advantage and great storage capacity can help user to take documents, photos, presentation, video and music everywhere.

The AH336 comes in simple appearance with base color of simple white and gentleman black on the body so that users can showcase their unique personality. Besides the streamlined and avant-garde appearances, bottom casings have special surface treatment with satin texture. AH336 also features its compactness, reaching a perfect balance among quality, performance, and functionality!

In addition to its chic look, the lightweight and compact size makes AH336 easy to carry and use. It can soon be a fashionable IT gadget when placed into a women's handbag. Furthermore, as Apacer highlights the aesthetics and functionality in product design, AH336 also shows thought-out details with its strap hole to easy attach to your lanyard.

AH336 is fully compatible with Windows 10, Mac OS 10.6.x & Linux 2.6.x or later which ensuring perfect cross-platform user experience and covered by limited lifetime warranty and compliant with RoHS requirement.

- Hi-speed USB 2.0 interface and backward compatible with USB1.1
- Easy plug & play
- USB powered. No external power or battery required
- Streamline curved contour for rounded and comfortable touch
- Strap hole for easy carry
- RoHS Compliant

### 3. Specifications

Specifications	
Interface	High-speed USB 2.0 certified, backwards compatible with USB 1.1
Power supply	USB bus powered No external power required
Operating Systems Supported	- Windows 10/8.1/8/7 - Mac OS 10.6.X or above - Linux Kernel 2.6.X or above
Capacity	8GB ~ 64GB
Operating Temperature	0° C to +60° C (32° F to 140° F)
Storage Temperature	-20° C to +60° C (-4° F to +140° F)
Dimensions	(L)59.9x(W)19.3(H)8.5mm
Weight	8.3g
Certificate	CE, FCC, BSMI, RCM

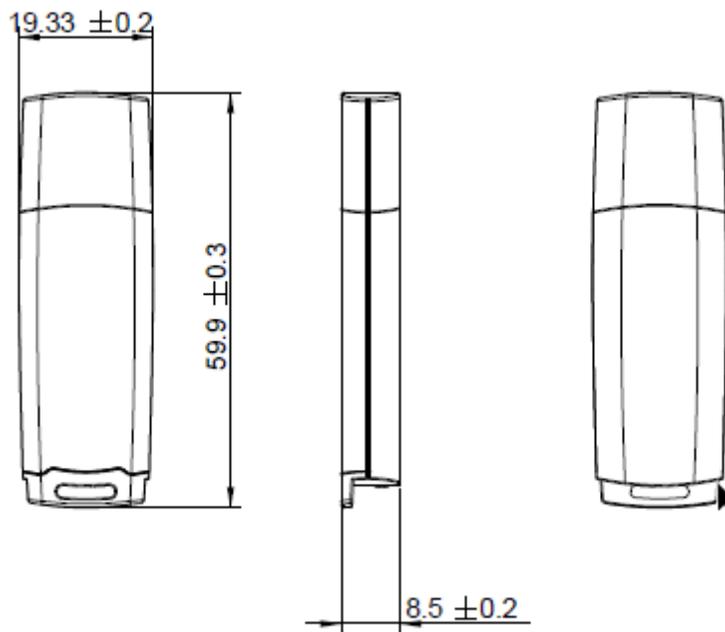

---

<sup>1</sup> Unformatted. Theoretically, 1GB=1,000,000,000 Bytes. Under operating systems, the capacity might appear to be less than the theoretical capacity because the calculation in OS is based on 1 GB = 1024 MB / 1MB =1024KB and a minority of the capacity is reserved for maintenance purposes. The actual available memory on the device is less than what is listed on the package. This is due to small discrepancies in file formats and algorithms used by various operating systems. In addition, a portion of memory space is reserved for system files and data sectors for better performance.

<sup>2</sup> No USB cable comes with the package because the unit can only be used while directly plugged into a USB port on a computer. To avoid damages caused while using, please do not connect the unit to any device with a USB cable.

<sup>3</sup> For details, please refer to Apacer official website for warranty policy.

## Physical Dimension

Unit: mm
