	Bits/Color Gamut	6Bit+FRC/sRGB 99%
System	Input Signal	1x VGA + 1x HDMI(1.4) + SPK + Audio out + Audio in
	VESA Wall Mounting	100 x 100 mm
	Speaker	2Wx2
	Power Supply (100 - 240 V)	External Adapter
	Tilt	-5°~ 20°

From HD to Full HD resolution

AOPEN CL1 series bring users into a perfect colorful world in up to Full HD 1920 x 1080, and provides the finest natural and sharp original quality.

1ms (TVR)

Fast and clear imaginary thanks to 1ms (TVR). The quick 1ms response time yields immersive graphics and video display.

100Hz Refresh Rate

The 100Hz refresh rate speeds up the frames per second, lowering input lag, delivering ultra-smooth 2D motion scenes, and providing a strain-free viewing experience.

AMD FreeSync

With AMD FreeSync, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor. This means the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and delivers very smooth gaming experiences.
