Multimedia Playback

Easily share photos and documents from your personal USB drive with PC-free projection.

Bluetooth Audio in/out Support

The Bluetooth mode allows you to play music from Bluetooth supported devices like iPhones, iPad, or Android phones. By upgrading and optimizing the Bluetooth chip to version 4.2, the projector could be easily connected to your device via Bluetooth within seconds whenever you want to enjoy music or share songs with family and friends.

LED Lamp Life

LED Light Source

LED lighting lets you enjoy outstanding color performance with wider color gamut, creating vibrant visuals and delivering consistent color saturation. Its greater bulb durability provides up to 30,000 hours long lifespan. In addition, by eliminating the potential pollution from mercury lamp disposal.
