EXPLORE THE POWER OF BLOODY

0.2ms Key Response

### LIGHT STRIKE RGB MECHANICAL GAMING KEYBOARD

Innovative Libra Optical Light Strike technology leverages on a stabilizer bar to provide consistent keystrokes no matter how you game.

Optical Switch	LK Libra Orange Switch	LK Libra Brown Switch
Switch Type	Tactile and Clicky	Linear and Smooth
Total Travel Distance	3.5± 0.3 mm	3.5 ± 0.3 mm
Actuation Point	1.5 ± 0.5 mm	1.5 ± 0.5 mm
Actuation Force	40 ± 10 cN	40 ± 10 cN
Tactile Force	50 ± 10 cN	N / A

3.0mm 25% Travel Distance Rebound Faster

25% Faster Keystroke

LK optical switch travel with distance of 3 mm, which is 25% faster than traditional metal switch (Traditional metal switch travels at distance of 4 mm).
Lightning Speed Response

LK optical switch reacts at lightning speed without lag (Traditional metal switch delays 18~30 ms due to metal bouncing).

Up to 100 Million Keystrokes

Contactless engineering with a lifespan of up to 100 million keystrokes. (Conventional metal touchpoints tend to oxidize and wear out after 10 million keystrokes)

Preloaded Lighting Profiles

Cycle through 6 default lighting profiles by pressing FN + F12, adjust brightness by pressing FN + ↑ / ↓.

Full N-Key Rollover

Full NKRO ensures each keypress can simultaneously register regardless of how many keys are being pressed or held down at a time including modifier keys (Shift, Control and ALT).

Metallic Body

Metallic aluminum alloy surface, durable and long lasting.

Reinforced Space Bar

The spacebar has also been fortified with custom engineered dual springs, enhanced screws, and a stabilizing bar to ensure a consistent feel no matter how you game.

Spill-Resistant Nano-Coating

PCB board is nano coated to prevent damages to keyboard from accidental spills or liquid.

Smart Water Flow Design

Utilizing both drainage pipes and holes to provide double protection from accidental spills and allows liquid to be expelled effectively.

Anti-Slip Support Frame

The support frame is made using anti-slip silica gel so your keyboard stays in place during the heat of battles.
