Compact and expertly engineered

Designed by experts, our most compact colour multi-function printer delivers high-quality outputs every time, allowing you to make the most of your home and small office space. Every component has been optimised to reduce the overall size of the device without compromising on performance. With easy paper access, this device has been developed to meet the needs of your home and small office.

Π	

Quiet without compromise

With its streamlined design, the MFC-L3755CDW is engineered to print quietly while delivering speeds up to 25% faster than the previous generation, so you can print continuously and without distraction.

Secure by design

To keep pace with the ever-evolving legislation on privacy and data security, our devices offer the latest industrystandard security features to protect your data. The MFC-L3755CDW provides a range of robust features including triple-layer security at a device, network and document level which is verified through external security certification. This offers added peace of mind and guarantees that the integrity of your data is maintained at every step.

Designed to go the distance

Built to perform for longer, the MFC-L3755CDW has been designed with you in mind. Made from robust and hardwearing materials and supported by outstanding service as standard, Brother's award-winning reliability allows you to deliver uncompromised performance at all times.

Brother at your side support

Wherever you are in Australia, Brother offers <u>free</u> <u>product support</u> for the lifetime of your product.
