

- 4x pre-installed RAINBOW RGB RING Fans
- Front & left side panel made of TEMPERED GLASS
- Fan speed controller on front panel
- 3PIN 5V A-RGB header connector for M/B sync

The CHIEFTEC STALLION II premium GAMING CHASSIS comes with tempered glass on the left side and front panel, thereby enhancing a clear overview of the interior of the chassis and positively exposing RGB RING fans and other lightening components. 4 pre-installed 120mm RGB RAINBOW RING fans are controlled by a remote control unit which forms part of the extensive „scope of delivery“. The sophisticated interior design allows the integration of an additional 360mm water-cooling radiator to the front and so, this second generation Chieftec gaming chassis fulfills and surpasses every gamer's expectations.
