

PARTYBOX 130

Portable party speaker with JBL legendary sound, a dynamic lightshow and a foldable ergonomic handle

Pure party energy.

At the pool, the park, or your backyard get-together, the JBL PartyBox 130 takes your party to the next level. With JBL legendary sound going hard, the music that powers your party feels huge. And feel free to turn it up. The highs are crystal-clear and, thanks to AI Sound Boost, the bass stays powerful and precise with no distortion, no matter how high you crank it. The vibe-setting futuristic lightshow now includes strobe lights and vibrant effects that sync to your beat. With up to 15 hours of playtime, you'll be dancing late into the night. If that's not enough, a quick 10-minute charge will give you another 80 minutes of listening. Or swap in a spare battery (sold separately) and keep the fun going even longer.

Taking your party to-go? The foldable ergonomic handle makes the JBL PartyBox 130 easy to carry anywhere. And with versatile inputs for guitars, mics, and TV, you can turn any gathering into a karaoke party or movie night on the spot. Thanks to the IPX4 splashproof design, you'll be unbothered about a spilled drink or a little rain. Plus, you can expand your sound to fit any size of celebration by grabbing another JBL Auracast™-enabled speaker—or a few—and syncing them up using Auracast™. And you can control all of it with JBL One App from anywhere at the function. Bring pure party energy anywhere with the JBL PartyBox 130.

- ▶ Turn up the party with Auracast™
- ▶ Seamless high-quality audio with dual mic and guitar inputs
- ▶ Control from anywhere with JBL One app
- ▶ Brought to you sustainably
- ▶ Compatible with JBL EasySing Mics

PARTYBOX 130

Portable party speaker with JBL legendary sound, a dynamic lightshow and a foldable ergonomic handle

Features and Benefits

Amp up the energy with JBL Legendary Sound

Feel 200 max watts of power from a pair of 5.25" woofers that bring thumping bass while two silk dome tweeters deliver the clearest of highs. It's all JBL legendary sound.

AI Sound Boost makes everything hit harder

When the volume goes up, AI Sound Boost keeps distortion down, so your music stays full, balanced, and party-ready.

Futuristic lightshow

Now mix all that killer sound with a thrilling futuristic lightshow, redesigned with intense strobe edge lights and vibrant light effects, all perfectly timed to your beat.

Up to 15 hours of playtime

A single charge keeps the JBL PartyBox 130 bumping for up to 15 hours straight. But when that time's up, all you need is a quick 10-minute charge session to get 80 more minutes of playtime. Or, you can keep a spare battery* on hand to swap out and keep the jams going a while longer.

(*battery sold separately)

Foldable ergonomic handle

The JBL PartyBox 130 is made to move. With a foldable, ergonomic handle you can easily grab this speaker and go.

Spill and splash proof

The JBL PartyBox 130 is built with an IPX4 splashproof design. That means a spilled drink or surprise rain shower won't interrupt the fun.

Smart EQ mode

Smart EQ mode keeps your sound balanced based on what's playing. It automatically adjusts the EQ in real time, recognizing whether the content is primarily music or speech, so instruments stay full and punchy while voices come through clear, crisp, and easy to understand. Whether you're switching from music to a podcast or back again, everything sounds right without needing to touch a thing.

Turn up the party with Auracast™

Bigger parties call for even bigger sound. Pair two PartyBox 130 for true stereo vibes, or connect multiple JBL Auracast™-enabled speakers wirelessly via Auracast™ and let your music grow as your party does.

Seamless high-quality audio with dual mic and guitar inputs

Use the USB-C input for lossless audio from your favorite streaming or karaoke apps, or connect your TV via the optical input. Want to bring live talent into the mix? Just plug in a guitar and two mics, and you're ready to sing and play along. With karaoke EQ tuning and the built-in lightshow, everybody's gonna sound—and look—like a superstar.

Control from anywhere with JBL One app

You can control this speaker using the JBL One App from anywhere in the party, so you can change the song or adjust the lightshow from the dance floor.

Brought to you sustainably

The JBL PartyBox 130 incorporates post-consumer recycled plastic. It's also packaged in FSC-certified paper printed with soy ink.

Compatible with JBL EasySing Mics

The PartyBox 130 works seamlessly with JBL EasySing Mics, making it easy to bring vocals into the mix. Just connect and go—no extra setup, no fuss. It's an easy way to give everyone a chance to shine without slowing the night down.
