

ELITE 4**Work Hard. Play Hard**

Technology for
life's new rhythm

**HAVE IT ALL**

The essential true wireless earbuds for switching between devices so you can move smoothly from work to play and back again. They pair instantly and ANC blocks outside noise so you hear only what you need to. Wear them all day long in total comfort thanks to Jabra's famous fit.

SMOOTH SWITCHING

Simultaneously connect with two different devices and switch seamlessly between them with Bluetooth® Multipoint. Stream a film on your laptop and, if someone needs you, the earbuds will switch straight to the incoming call.

SWIFT-PAIRING

Connecting is a breeze. Pair with your Android™ device or PC in seconds. Fast Pair and Swift Pair are both on board.*

ACTIVE NOISE CANCELLATION (ANC)

Filter out the rumble and roar of the world so you can be where you want to be. With ANC there is no unwanted outside noise. The stressful commute is serene. The busy street is tranquil. Wherever you are, hear the music and nothing else. Go where you want to go.

COMFORT & DURABILITY

Listen up in comfort all day. The famous Jabra fit feels just right. The earbuds are small and secure. You'll be right in your comfort

zone with our Danish design. Engineered for durability, with IP55-rated rainproof protection. So, if you're caught in the rain, you can still be happy. 2-year warranty.**

4-MICROPHONE CALL TECHNOLOGY

With 4-microphone technology you're going to be heard loud and clear. When that call comes in it doesn't matter if you're navigating a noisy street, or in a busy bar or on a high-speed train. Friendly chit-chat or serious calls – it's all crystal clear.

STAYING POWER

The batteries deliver up to 5.5 hours in the buds and a total of 22 hours with the case (28 hours ANC off), so you can take on the longest days. Practical and powerful, with fast charging too. Keep on keeping on. Don't stop.

USE EITHER EARBUD

Go solo in mono mode and use either earbud while the other charges in the sleek case. Keep on going all day.

OWN STYLE

Available in four classic colors - Dark Gray, Navy, Lilac and Light Beige. Looks good and sounds great. Big decision – the choice is not black or white.

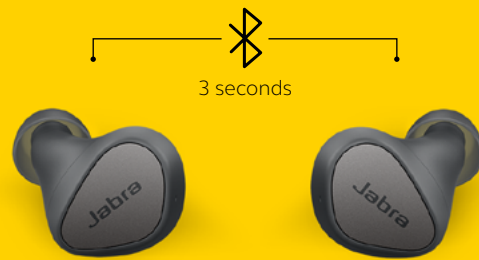

HOW TO CHARGE

HOW TO PAIR

Push the buttons on both earbuds for 3 seconds, then go to the Bluetooth menu of your phone to connect your earbuds, or with Fast Pair*, your Android phone will instantly ask to connect to your buds if nearby.

HOW TO USE - CALLS

LEFT

RIGHT

Tap both buttons simultaneously to power off. Press any button to power on. See the User Manual for button functionality when using either earbud.
