Lenovo V15 (AMD) LAPTOP

ITDM Benefits

Manageability: The simplistic build of the Lenovo V15 makes it easy to deploy and manage in the existing IT infrastructure.

Productivity: Up to AMD Ryzen Processors, additional connectivity ports, and Windows 10 operating system help businesses achieve greater efficiency.

Business-grade Support Services: Lenovo provides a full suite of flexible services to support every customer scenario—from single device warranty to mission-critical data center optimization.

*Optional

Sleek Design: its ultra-slim chassis and narrow bezel—less than 7.5mm with a body to screen ratio of 82%—offer the screen real estate of 16 inches in a 15-inch laptop footprint. This not only allows for easy portability but also provides a wider display for improved viewing.

Immersive Visual Experience: working on heavy applications won't slow you down anymore. A Full-HD display along with integrated AMD graphics and SSD storage offer faster and improved computing experience.

Superfast Storage: experience the speed of M.2 PCIe solid-state drive (SSD) and storage capacity of the hard disk drive (HDD). Quickly switch between applications with the dual drive* storage that enables high PC responsiveness.

Superior Connectivity: connect to multiple peripherals with a range of I/O, including HDMI and two USB 3.0 ports, for seamless multitasking.

Enhanced Security: enable data protection with the software-based Trusted Platform Module (TPM) 2.0 that encrypts critical information so that you work worry-free inside the office or on the go.

Accessories

Lenovo 15.6-inch Commuter Backpack

4X40U45347

Engineered for the modern mobile professional, the Lenovo 15.6-inch Commuter Backpack is sturdy enough for the great outdoors yet stylish for the modern office. Its lightweight, weather-proof build, and adjustable capacity provide versatility for both workdays and weekends. Keep your notebook, electronics and every trinket organized and protected. Even store clothes or shoes in a separate wet/dry ventilation compartment.

Lenovo Essential USB Mouse

4Y50R20863

The Lenovo Essential USB Mouse is more than your basic mouse. It features an easy plug-and-play connection to PCs with a USB cable. The ergonomic full-size design provides comfortable grip for all day comfort. A high-resolution, 1600 DPI optical sensor ensures you'll be smoothly gliding from window-to-window.

ThinkPad USB 3.0 Secure Hard Drive 2 TB

4XB0K83868

Optimized for safeguarding essential data while on-the-go, the ThinkPad USB 3.0 2TB Secure Hard Drive offers high-level, 256-bit Advanced Encryption Standard (AES) security within a slim, lightweight, self-powered, easy-touse design. Connectivity is provided via either the USB 2.0, USB 3.0 port or built-in USB 3.0 cable with an integral storage slot.

SERVICES

Warranty Upgrades

Onsite Service maximizes PC uptime and productivity by providing convenient, fast repair service at your place.¹

Warranty Extensions

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your investment, and lower the cost of ownership over time.¹

Accidental Damage Protection

Protect your investment from operational or structural damage caused by common accidents like drops, spills, or electrical surges. This protection plan helps with predictable budgeting, minimizes unexpected repair costs and provides significant savings relative to the cost of non-covered repairs.^{1,2}

Premium Care³

You will get direct access via dedicated support hotline to highly skilled technicians helping with software and connectivity issues, ensure your case is managed from start to finish. Onsite next business day is the standard part of the Premium Care service.

¹ Up to 4 years total duration

² May not be available in all regions

³ Available in UK, IE, FR, DE, AT, CH, BE, NL, LUX, SE, IL, DK, NO, FI, CZ, SK, ES, PT, IT.

*Optional

**Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
