

DEPENDABLE DESKTOP FOR INCREASED PRODUCTIVITY

The Lenovo V55t Tower desktop is an excellent choice for businesses looking for a high-performing computing device that offers great value economically too.

Powered by the latest AMD Ryzen™ processors and high-speed DDR4 memory, you can efficiently handle large files and multitask on this 15L desktop. An array of USB ports at the front enables effortless connectivity to peripherals, so you can execute routine tasks comfortably.

Lenovo V55t TOWER DESKTOP

Lenovo

Lenovo V55t TOWER DESKTOP

Smoother User Experience: enjoy a responsive performance with the PCIe SSD storage that boots the device faster and enables instant access to files for enhanced efficiency.

Dual Drive Storage: with the option of running the device on two drives-SSD and HDD. It combines fast startups, opening apps, and boosts frequently used programs, while also offering voluminous storage.

Faster Files Transfer: with multiple USB 3.1 Gen1 and USB 2.0 ports at the front, sharing files across teams is fast and convenient.

Reliable and Stable Performer: a series of rigorous reliability and stability tests ensure that your PC is ready for everyday challenges. Also, the 15μ gold plating on the V55t connectors extends the device's lifespan and ensures better signal transmission to maximize your productivity.

IT Decision Makers Benefits

Optimal Performance

Powerful AMD Processors boost device performance, enabling you to run multiple applications simultaneously for improved productivity.

Smart Security for Sensitive Data

Smart USB Protection enables you to control port access by allowing connectivity to only designated USB devices. This security feature helps prevent data theft via unauthorized port access.

Easy Manageability

Lenovo Vantage app makes managing your device hassle-free by allowing you to run device diagnostics, update drivers, improve WiFi security, and more, with an easy-to-use interface.

Accessories

ThinkVision T24i

(PN: 61C6MAR1XX/ 61C6MAT1XX)

Experience vivid images on the 24" borderless full-HD monitor with IPS panel. Equipped with built-in power and the rich connectivity of VGA and HDMI ports, T24i meets diverse connection demands. It features an LTPS full-function stand that pivots 90° clockwise and counterclockwise for ease of use. Additionally, 4 USB 3.0 ports offer easy connectivity.

Lenovo Secure Desktop Drive

(PN: 4XB0M137XX)

Eliminate the threat of a data breach when on the move with military-grade AES 256-bit CBC HDWR encryption. The drive provides Keypad Pin authentication and programmable Brute Force protection that allows the admin to set failed attempts between 4 and 20.

Kensington® MicroSaver™ 2.0 Twin Cable Lock

(PN: 4XE0N80915)

Secure more than one device using the same cable lock with the Kensington® MicroSaver™ 2.0. Engineered to be the smallest, strongest lock for desktops, laptops, monitors, and other devices, this cable lock represents the next generation of device security.

Lenovo Fingerprint Biometric USB Mouse

(PN: 4Y50Q64661)

Enjoy the full-size ergonomic ambidextrous design of this high-performance mouse that comes with a fingerprint biometric sensor. Fast, easy, and accurate, it offers a high precision of 1600 dpi resolution and is Windows Hello certified.

RECOMMENDED SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your investment—so you can focus on your work, not your IT.

Premier Support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills and drops.

Warranty Extension (up to 3 years)

This fixed-term, fixed-cost service helps you accurately budget for desktop expenses, protect your valuable investment, and lower the cost of ownership over time.

*Mounting brackets and additional storage are sold separately.

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
