acer

IPS GAMING MONITOR **Nitro XVO series-** XV240Y P

- AMD FreeSync[™] Premium technology
- Full HD resolution with ZeroFrame Design
- Rapid overclock to 165Hz refresh rate
- Up to 0.5ms response time
- 99% sRGB wide color gamut
- Supports HDR10 format
- Visual Response Boost™ for blur free gaming
- Ultra low latency
- Acer Display Widget

Full HD LED monitor

The 1920 x 1080 resolution of this LED monitor delivers excellent detail, making it perfect for advanced 1080p Full HD gaming, multimedia and productivity applications, providing advantages such as:

- Blu-ray Disc[™] console gaming
- Widescreen cinematic playback

AMD FreeSync[™] Premium

FreeSvnc Premium

With AMD FreeSync[™] Premium, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor. This means the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and delivers very smooth gaming experiences

Up to 0.5ms response time

Up to 0.5ms response time enhanced gamers' in-game experience. No matter the fast-moving action or any dramatic transitions will be all rendered smoothly without the annoying effects of smearing or ghosting through Acer Gaming Monitors.

Overclock to 165Hz Refresh Rate

The overclock to 165Hz refresh rate speeds up the frames per second to deliver an ultra-smooth 2D motion scenes. With a rapid overclock refresh rate of 165Hz, Acer Gaming Monitors shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more. Ranked No. 3 for notebooks globally (IDC 2012), Acer employs 8,000 people, and 2011 revenues reached US\$15.7 billion. Please visit www.acer.com for more information.
