Touchscreen control

The Verbatim Portable Touchscreen Monitor gives you an extra dimension for your work and play. You can use it as a second screen for your laptop when you are travelling or giving one-on-one presentations, or to provide a large additional display for your phone, tablet, or portable gaming system*. Compact and versatile, the portable monitor gives you ultimate flexibility for increased productivity and entertainment while on the go.

The responsive and intuitive touch screen with 10-point touch functionality supports swipe, scroll, drag, and pinch gestures to help you get your tasks done efficiently. It's the ideal solution to help you overcome one-screen limitations outside the office, extending your visual experience, anytime and anywhere.

* Ensure your device has a USB-C port supporting DisplayPort Alt Mode and power delivery.
