ABOUT

ZeTrack+ is a slim, full-featured activity tracker with a color display touchscreen. This device tells the time, measures your body temperature, heart rate, steps, distance, calories burned, and sleep quality. With ZeTrack+, you can access in real-time your temperature, heart rate, activity, and sleep results at a glance with a simple tap of the touchscreen. ZeTrack+ also helps motivate you to keep moving by sending you a gentle vibrating "inactivity" reminder when you've been inactive for a long period of time. ZeTrack+ is a great companion that will encourage you to move through the day. When synced to your smartphone, ZeTrack+ will keep you updated with your text, emails, calendar events, social accounts and calls. ZeTrack+ has an impressive 7-day battery life and is equipped with an easy to use built-in USB charger. This is the perfect device to keep track of your activity and encourage you to reach your goals.

ZeTrack+

KEY FEATURES

INTUITIVE USER INTERFACE

From ZeTrack+ color touchscreen, get insight on your activity level, see incoming notifications, calls and reminders. Navigate easily with the one-touch onscreen button.

BODY TEMPERATURE

ZeTrack+ measures your body temperature throughout the day and alerts you in case of high temperature. Your full temperature records are available on MyKronoz App.

BUILT-IN USB CHARGER

Thanks to its embedded USB plug that can be found by gently pulling out the top watch band, ZeTrack+ can be easily charged on the go, with no additional cable needed. ZeTrack+ lasts an impressive 7 days on a single charge.

WIRELESS SYNCING
Sync data wirelessly via Bluetooth®

SYSTEM REQUIREMENTS
Compatible with iPhone 4s and newer running iOS 9+, select Android 6.0+ and newer devices
