

RT-AX82U Dual Band WiFi 6 Gaming Router, WiFi 6 802.11ax, Mobile Game Mode, Lifetime Free Internet Security, Mesh WiFi support, Gaming Port, Gear Accelerator, Adaptive QoS, Port Forwarding

- New-generation WiFi 6 - Enjoy ultrafast speeds up to 5400 Mbps with the latest WiFi 6 (802.11ax) and 160MHz channels
- Mobile Game Mode - Minimize lag and latency for mobile gaming with just a tap on the ASUS Router app
- Prioritize Your Gaming - RT-AX82U's dedicated Gaming Port automatically prioritizes any wired device connected to it, or you can prioritize any device wirelessly via the Gear Accelerator.
- ASUS AiMesh support – Create a flexible, seamless whole-home mesh network with AiMesh-compatible routers
- Commercial-grade home network security – Lifetime free ASUS AiProtection Pro, powered by Trend Micro™, with WPA3 and advanced Parental Controls to protect your home
- ASUS AURA RGB supported – RT-AX82U offers multiple effects for a stylish vibe, enabling users to set up color and light effects freely through the Web GUI and ASUS router APP.

Your Winning Choice for Mobile Gaming!

Enjoy the fastest, smoothest WiFi gaming connections ever with the ASUS RT-AX82U dual-band WiFi 6 router. It delivers ultrafast WiFi speeds up to 5400 Mbps*, and is packed with advanced technology, including Mobile Game Mode for a lag-free, low-latency mobile gaming experience.

Ultrapowerful WiFi 6

Lower latency | Faster speeds | Energy efficient | Longer range

RT-AX82U brings you all the benefits of WiFi 6 (802.11ax), and works perfectly with all your existing WiFi devices! **

Boost Your Mobile Gaming

Minimize lag and latency for mobile gaming with just a tap on the ASUS Router app.

Gaming Without Limits

Prioritize via Gaming Port

The dedicated gaming port on RT-AX82U automatically prioritizes any wired device connected to it. No complex configuration is needed, just connect your gaming PC or console to the special LAN port to give you a fast, stable connection that's always at the head of the queue.

Prioritize via Gear Accelerator

Gear Accelerator lets you prioritize devices wirelessly via RT-AX82U's online control panel. The simple interface lets you prioritize devices to help boost their speed and prevent them fighting over bandwidth with other devices.

Eliminate WiFi Congestion

Connect your devices to the 5 GHz band and avoid the often-congested 2.4 GHz band, while enjoying up to 8.4X faster WiFi speeds. Also, optional Dynamic Frequency Selection (DFS) unlocks up to 15 of the least-congested channels on the 5GHz band to give you even more bandwidth for gaming.***

ASUS Aura RGB Supported Controllable Aura RGB LED lighting and software

Aura RGB LED lighting was developed to perfectly complement your gaming rig for a true expression of individuality. RT-AX82U lets you customize the lighting colors, and choose from a selection of cool lighting effects to create your own unique gaming vibe through the Web GUI and ASUS router APP.

Remove Network Bottlenecks

Adaptive QoS (Quality of Service) lets you keep your network running smoothly by prioritizing network traffic. You can prioritize applications such as streaming video or web surfing, as well as gaming. It's the perfect ally for delivering low-latency WiFi anywhere in your home.

Whole-Home Gaming

Does your router leave you with WiFi dead spots? RT-AX82U supports ASUS AiMesh, a unique mesh-networking technology that creates a whole-home network using multiple ASUS routers. With easy central control and seamless roaming, even non-experts can set it up with any AiMesh-capable routers you own. Say goodbye to WiFi dead zones!

Commercial-grade Security for Your Home

Home network security is crucial when you have multiple connected devices, and even more so when there are devices without anti-virus capabilities such as IoT devices. RT-AX82U includes lifetime free AiProtection Pro, including the latest WPA3 security protocol and advanced Parental Controls. Every device is protected with RT-AX82U, and you can keep an eye on everything that's happening on your network via the handy mobile app.

AiProtection Pro

WPA3 Security Protocol

Advanced Parental Controls

Easy Management Via Mobile App

- **Traffic Analyzer**
Graphical monitoring of real-time traffic.
- **Network Diagnostics**
Pinpoint your network problems with just one tap.
- **Guest WiFi**
The easy way to share your WiFi securely without difficult passwords.

Disclaimer:

* Actual data throughput and WiFi coverage will vary from network conditions and environmental factors, including the volume of network traffic, building material and construction, and network overhead, result in lower actual data throughput and wireless coverage.

** To benefit from WiFi 6 features, the WiFi client needs to be WiFi 6 capable.

*** The number of speed is calculated with data rate of 2.4 GHz band and of 5 GHz band, which are respectively 574 and 4804 Mbps. And the DFS channels may not be supported in some countries due to local regulations.

What's Inside the Box

- RT-AX82U Router
- RJ-45 cable
- Power adapter
- Warranty card
- Quick start guide

Specifications

- Wireless Type : 802.11 ax/ac/n/g/a/b
- Wireless Speed : 2.4GHz up to 574 Mbps / 5GHz up to 4804 Mbps
- Wired Connectivity : 4x LAN, 1x WAN
- USB Ports : 1 x USB 3.0(USB 3.2 Gen 1)
