EB-G7200W

DATASHEET

Easy to set-up and with low maintenance requirements, this 7,500-lumens WXGA installation projector boasts bright images and vivid colours.

Ideal for professional-looking presentations in a variety of large venues, the EB-G7200W creates images with rich, vivid colours thanks to Epson's 3LCD technology and equally high White and Colour Light Output. With flexible installation and low maintenance, this projector offers a fit-and-forget solution for scenarios in which only superior projections will do.

Superior image quality

Ensure superb quality and the best possible delivery of presentations with this powerful installation projector for large venues. Featuring Epson's own 3LCD technology and equally high White and Colour Light Output, WXGA resolution images are vivid and bright, even in daylight with its 7,500 lumens brightness.

Easy positioning

Thanks to a new range of motorised lenses, including optional ultra-short throw (UST) lens, and both vertical and horizontal lens shift, the projector benefits from true 360° installation flexibility allowing it to be placed almost anywhere.

Quick set-up

Get started quickly thanks to a lens memory function, which stores projector settings such as image position, focus and zoom, for prompt access when projecting images in different aspect ratios, or using different lenses. Split-screen allows dual feeds to be projected, while a portrait projection mode is possible without changing the lamp. For integration with a wide range of systems, inputs include HDMI, HDBaseT, DVI-D and component video.

KEY FEATURES

- Superior picture quality
 3LCD technology; superior white balance; better colour matching
- Expand installation possibilities
 Works with a wide range of optional lenses including ultra-short-throw
- Flexible 360° installation
 True flexibility without distortion or loss of brightness
- Lens memory function
 Stores projector settings such as image position, focus and zoom
- Portrait projection mode
 Switch mode without having to change the lamp
