StraightCare  
Essential

ThermoProtect technology  
Keratin-infused plates  
10 temperature settings

BHS377/00

## Smooth and shiny hair with care and control

Specially designed for easy and fast styling with long Keratin-infused plates and 10 temperature settings. Care for your hair with ThermoProtect technology to prevent overheating.

### Beautifully styled hair

- Temperature range from 160°C up to 230°C

### Care for your hair

- ThermoProtect technology
- Keratin ceramic plates for smooth gliding and shiny hair

### Ease of use

- 10 temperature settings for better control
- 100 mm long plates for fast and easy straightening
- Fast heat-up time, ready to use in 30 sec
- Auto shut-off for safe use
- Key-lock function for safe and easy storage
- Universal voltage for worldwide use

# Highlights

## ThermoProtect technology

ThermoProtect technology distributes heat evenly across the plates, preventing overheating to protect your hair.

## Keratin ceramic plates

Keratin-infused ceramic plates glide smoothly through your hair, for quick and easy styling.

## Temperature range

Choose from a temperature range from 160°C up to 230°C to secure long-lasting results while minimising the risk of hair damage.

## 10 temperature settings

Variable temperature settings for better control. Lower temperatures for last-minute touch-ups and gentle styling. Higher temperatures for long-lasting results.

## 100 mm long plates

The longer 100 mm plates enable better contact with the hair to help you achieve perfect straightening results more easily and in less time.

## Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 30 seconds.

## Auto shut-off

The styler has an automatic shut-off function for safe usage. It automatically switches off after 60 minutes.

## Key-lock function

The plates can be locked together for safe and easy storage.

## Universal voltage

Compatible with 110–240 volts. Can be used wherever you travel in the world.

# Specifications

## Technical specifications

Styling temperature: 160°C - 230°C

Type of temperature control: Turning rheostat

Voltage: 110-240 V

Long plates: 28 x 100 mm

Heat-up time: 30 sec

Cord length: 1.8 m

## Features

Material plates: Keratin-infused ceramic plates

Storage hook

Swivel cord

Plate lock

Ready-to-use light

## Service

2-year worldwide guarantee
