# Highlights

## 800 Watt motor

Our powerful and durable 800 Watt motor delivers all the power you need to prepare your favorite healthy and homemade meals in just minutes.

## ProMix blending technology

Philips partnered with Stuttgart University to develop ProMix for faster and more consistent blending. Its unique, advanced technology is shaped like a triangle to deliver optimal food flow and maximum performance with best results every time.

## SpeedTouch Technology

Want more power while you blend? Just squeeze the turbo boost button. Its intuitive variable speeds let you easily increase power

without switching settings. Start slowly to prevent splashing and gradually squeeze harder until you reach the speed you need for each recipe and ingredient.

## Single button easy release

When you're cooking up a storm, you'll love how easy it is to switch accessories. They quickly attach and detach to the blending bar with one press of a button.

## Anti-splash blade guard

Don't worry about any messes when you cook. Our special blade guard will stop splashes big and small. Its waved shape attached to the bottom of the blending bar guarantees minimum mess — and less clean-up later.

## Easy to clean

## Spiralizer accessory

Add a healthy spin to your diet with our unique Spiralizer accessory. Effortlessly transform everyday fruits and veggies into fun, low-carb noodles, spirals and ribbons. It's an ideal way to spice up a healthy, gluten-free or clean eating diet. Choose from three shapes to spiralize: spaghetti, linguine or ribbon.

## On-the-go tumbler

To make life easier, blend your favorite smoothies directly in the Philips on-the-go tumbler. Just blend, seal and go. Made with BPA free materials, blender includes a built-in anti-leakage seal so you can safely take it with you, with no spills.
