

# Productivity & Functionality

## Extensa 15

Up to Intel® Core™ i3 N-Series Processor  
15.6" FHD IPS Display<sup>1</sup>  
Up to 16 GB of LPDDR5 Memory  
Up to 1 TB of PCIe Gen3 NVMe SSD Storage<sup>1</sup>

<sup>1</sup> Specifications may vary depending on model and/or region.

## Acer Extensa 15

Designed for small businesses and everyday users, the Acer Extensa 15 features superior functionality and a full range of essential business features. You'll stay productive and work comfortably with its number keypad and long battery life.

### Responsive Performance

With up to an Intel® Core™ i3 N-Series processor<sup>1</sup>, get the job done quickly thanks to the latest generation of processor, up to 16 GB<sup>1</sup> of LPDDR5 memory and up to 1 TB<sup>1</sup> of PCIe Gen3 NVMe storage.

### Enhanced Video Conferencing

Working remotely or from home has never been easier. This 15" laptop features a strategically placed Wi-Fi 6 antenna and an HD webcam with temporal noise reduction technology for better and more consistent video quality - even in dim lighting.

### Stunning Visuals

View fine details and rich colors on the large 15.6" FHD<sup>1</sup> IPS display with narrow bezels for a higher screen-to-body ratio. Its ComfyView™ display also reduces glare by limiting reflected light, so you can use this laptop wherever you see fit.

### Built-in Security

This office laptop has built-in firmware-based TPM 2.0 that ensures secure authentication and safeguards company data. TPM 2.0 is used in Windows 11 for several features, including BitLocker for data protection and more.

### Refined Design

This laptop for business measures 18.9mm thin and has a starting weight of under 1.7kg<sup>1</sup> so you can take it wherever you need to go. And with its long battery life, this thin laptop has enough power to last you through the day.

### Ports for All Occasions

Easily connect all your peripherals with this laptop's wide range of connection options, including one full-function USB 3.2 Gen 2 Type-C port, two USB 3.2 Gen 1 Type-A ports, HDMI, and more.

- Specifications vary depending on model.
- Shared system memory may be allocated to support graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.
- Memory speed may vary, depending on the CPU, chipset or memory fitted.
- All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.
- Not all features indicated are supported on all SKUs.
- 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer Recovery Management uses a portion of the stated hard-disk capacity as dedicated backup space.
- Minor variations in system dimensions are possible due to the manufacturing process.
- Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.
- Listed battery life is based on testing using video playback. The test clip loops and continues to run, without interruption or any other inputs, until the battery is drained. Stated battery life is for comparison purpose only. Actual battery life varies by model, configuration, applications, video clip format and features used. A battery's maximum capacity decreases with time and use. Battery life test configuration: Intel® Core™ i3-N305, Intel® UHD Graphics, HD, SSD only, 8GB of LPDDR5 memory. Battery life test conditions: LCD brightness 150 nits, connected headphones, WLAN off, Bluetooth off and Data Battery Mode on.
- Listed battery life is based on testing using Web browsing. The test clip loops the loading of 50 selected websites using Microsoft® Edge every 30 seconds, until the battery is drained. Stated battery life is for comparison purpose only. Actual battery life varies by model, configuration, applications, video clip format and features used. A battery's minimum capacity decreases with time and use. Battery life test configuration: Intel® Core™ i3-N305, Intel® UHD Graphics, HD, SSD only, 8GB of LPDDR5 memory. Battery life test conditions: 100 nits LCD brightness, 50% speaker volume, WLAN on, Bluetooth on, no WW direct internet connection.
- Actual battery life may vary considerably by specifications, depending on product model, configuration, applications, power management settings, operating conditions, and features utilized. Performance variation also arises based on components in use, which includes but is not limited to the processor, RAM capacity, storage, display and resolution, etc.
- Bundled software may vary depending on hardware configuration, OS and regional availability.

## What We Offer

### Knowledge & Support Center\*

Find manuals and other documents for your Acer product on the official Acer support website by going to <http://go.acer.com/?id=17883>.

### Always protected, Ease-of-mind\*

All Extensa products include as a minimum a one-year International Travel Warranty.

Extended warranty, additional extended battery warranties, accidental damage insurance, priority support hotline and repairs, two-way pre-paid freight for depot repairs are available. Contact your local Acer representative to learn more.

### Award-winning Service\*

Our award-winning service model allows us to deliver the simplicity, efficiency and proximity your business depends on to meet tomorrow's challenges.

With more than 3,000 service & repair centers in 160 countries and regions, Acer for Business provides round-the-clock access to skilled and experienced technicians located in our integrated network of contact centers and repair centers.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region. As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty. © 2023. All rights reserved.
