# Thin, durable and built to perform

Portégé A30-E-149

dynabook's Portégé A30-E is designed, engineered and manufactured in-house to rigorous quality standards, delivering unrivalled productivity and reliability on the move. With an 8th generation CPU and SSD hard drive housed within an elegant, ultra-thin and sturdy chassis, the Portégé A30-E is tested to MIL-STD-810 military standards and ready for any situation that the working day can throw at it. Business security is taken care of too. Built-in data protection includes unique in-house BIOS for maximum security, along with TPM, biometric login and a range of optional authentication features to ensure your data doesn't fall into the wrong hands.
