PRODUCT DESCRIPTION

The Peonia luminaire series is a perfect solution for outdoor locations, such as gardens, terraces, balconies or building facades. The series includes wall and bollard lamps. The option with or without motion sensor increases the sense of security in the surroundings. Designed with attention to aesthetics, and above all, functionality.

Each lamp features aluminium housing in matt black colour harmoniously composing with textured plastic and

slightly dimmed lampshade. This modern aesthetics makes the PEONIA a perfect choice for diverse arrangement styles.

In addition, the PEONIA series is highly resistant to difficult weather conditions which is confirmed by IP54 rate. This means that the luminaires are resistant to dust, moisture and rain, and above all, that they are durable for many years.

Each lamp uses 15W light source with a standard E27 holder. As the bulbs are not included, the users may choose and personalize the light source. Each luminaire is powered by standard 230V.

The presented PEONIA is a facade wall lamp equipped with two one E27 light source. It features an interesting, slanted shape. The dimensions measure 93x278x89 mm. The lamp is not equipped with PIR motion sensor.
