

## PRODUCT DATASHEET

### DECOR LED STRAW FILAMENT SQUARE 100 16 GOLD DIM 3.5W 818 E27

DECOR STRAW FILAMENT LAMP IN METAL HOUSING | Straw filament lamp in Metal Housing

#### Areas of application

- Perfect for decorative installations
- Luxurious living areas

#### Product benefits

- The integrated lamp delivers a modern and luxurious atmosphere
- The special design offers comfortable light distribution
- Type of protection: IP20, Ideal for indoor use

#### Product features

- The integrated lamp features a unique straw-shaped design
- Metal housing has two versions: Globe and Square
- Two different colors are offered for the lamp housing: Gold and Black
- Dimmable (with many common dimmers, see also [www.ledvance.com/dim](http://www.ledvance.com/dim))
- Lifetime up to 25,000 h
- The integrated lamp cannot be detached from the housing
- Pleasant light: Warm white comfort light color
- Can be used directly as luminaire

---

**TECHNICAL DATA****Electrical data**

|                                        |             |
|----------------------------------------|-------------|
| Nominal wattage                        | 3.5 W       |
| Construction wattage                   | 3.50 W      |
| Nominal voltage                        | 220...240 V |
| Operating mode                         | AC Mains    |
| Claimed equiv. conventional lamp power | 16 W        |
| Nominal current                        | 19 mA       |
| Type of current                        | AC          |
| Inrush current                         | 2.36 A      |
| Operating frequency                    | 50/60 Hz    |
| Mains frequency                        | 50/60 Hz    |
| Max. lamp number on MCB B10 A          | 320         |
| Max. lamp number on MCB B16 A          | 514         |
| Total harmonic distortion              | 141.90 %    |
| Power factor $\lambda$                 | 0.74        |

**Photometrical data**

|                                         |                    |
|-----------------------------------------|--------------------|
| Luminous intensity                      | Not relevant       |
| Luminous flux                           | 150 lm             |
| Luminous efficacy                       | 42 lm/W            |
| Lumen main.fact.at end of nom.life time | 0.96               |
| Light color (designation)               | Comfort warm white |
| Color temperature                       | 1800 K             |
| Color rendering index Ra                | 80                 |
| Light color                             | 818                |
| Standard deviation of color matching    | $\leq 6$ sdcn      |
| Flickering metric (Pst LM)              | 1                  |
| Stroboscope effect metric (SVM)         | 0.4                |

EPREL Data Spectral Diagram LEDr\_1800K\_Big\_Shape\_Smoke

Light technical data

|                     |          |
|---------------------|----------|
| Beam angle          | 320 °    |
| Warm-up time (60 %) | < 0.50 s |
| Starting time       | < 0.5 s  |

Dimensions & Weight

|                  |           |
|------------------|-----------|
| Overall length   | 162.00 mm |
| Diameter         | 100.00 mm |
| Maximum diameter | 100 mm    |
| Product weight   | 82.00 g   |

Temperatures & operating conditions

|                                      |              |
|--------------------------------------|--------------|
| Ambient temperature range            | -25...+40 °C |
| Maximum temperature at tc test point | 90 °C        |

Lifespan

|                                              |         |
|----------------------------------------------|---------|
| Lifespan L70/B50 at 25 °C                    | 25000 h |
| Number of switching cycles                   | 100000  |
| Lumen maintenance at end of service lifetime | 0.96    |

Additional product data

|                             |        |
|-----------------------------|--------|
| Base (standard designation) | E27    |
| Mercury content             | 0.0 mg |

|                  |                                                                                                                                                                                                                                                                                                                                              |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mercury-free     | Yes                                                                                                                                                                                                                                                                                                                                          |
| Design / version | Clear                                                                                                                                                                                                                                                                                                                                        |
| Product remark   | All technical parameters apply to the entire lamp / Due to the complex production process for light-emitting diodes, the typical values shown for the technical LED parameters are purely statistical values that do not necessarily match the actual technical parameters of each individual product, which can vary from the typical value |

### Capabilities

|          |                   |
|----------|-------------------|
| Dimmable | Yes <sup>1)</sup> |

| Displacement factor                                  | 0.887      |
| LED light source replaces a fluorescent light source | No         |

### Safety advice

- Do not touch the lamp if broken.
- Must not be used if outer bulb is defective.
