

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

ThinkBook 14s Yoga ITL

Smarter
technology
for all

Lenovo

Designed for modern professionals, this exceptionally stylish laptop is perfect for on-the-go productivity. This 14" convertible comes with four user modes—laptop, tablet, tent, and present—so users can work efficiently from anywhere. The touchscreen display enables intuitive navigation, while the ultra-narrow bezels maximize the available screen space when creating or consuming content. Dolby Vision technology and 100% sRGB colour gamut offer rich and deep color reproduction for a vivid visual experience.

REASONS TO BUY

The integrated Smart Pen allows mobile workers to take notes, sketch designs, and sign documents even on the move. When the screen is locked, just pulling the pen out of its slot opens the note-taking app.

Packed with useful features like the durable Corning Gorilla Glass touchscreen display, Thunderbolt port for ultra-fast data transfers, a dedicated key for accessing Lenovo support, and Modern Standby to stay connected even with the lid closed.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkBook 14s Yoga ITL
